# Proposal for "E-for-English & E-for-Easy" an exclusive Training Program for College Students

### "Learn it to travel in your career path"

Speaking in English is a bit challenge among the college students in today's environment, unfortunately which is mandatory for their career.

**Ads-e-Park** takes this personal development as seriously as their professional development and designed a training module to create a transformation in their mind and to bring out their language skill.

Target of the program is to make them to speak in English in a professional way to face the world challenging them today.

Students are capable of reading English Language and having sufficient knowledge on vocabularies. They only need the environment to implement and break their small barriers which they are thinking as barriers as it is not.

If the situation is created and proper training is imparted to them, they automatically know their strengths and the use the existing team as their very big tool to develop the language skill needed for them.

The module of the training program "E-for-English & E-for-Easy" which really help them to change their views and to take initiatives to bringing out their inner potential on language skill.

This Training Program is not a regular Spoken English Class; it is a simple approach by learning the patterns and structure of the sentence and the situational usage of selected vocabularies.
